Accelerated the growth of their business by improving their robust security practices

Adopted central framework for keeping their organisation's information safe and managing it all in one place in the cloud

THE CHALLENGE

Safeguarding data is a top priority for the FDM Group. As part of that effort, they wanted to demonstrate their promise to continually improve the security of their data under the ISO 27001 standard and build trust amongst their clients around the world.

It was important to the FDM Group to build a systematic approach and effective controls to maintain the security, confidentiality, integrity, and availability of their data.

“OUR BUSINESS HAS GROWN IN TERMS OF SIZE AND COMPLEXITY. AND THE REQUIREMENT FROM OUR CLIENTS HAS GROWN AS INFORMATION SECURITY IS NOW BECOMING MUCH MORE PREVALENT AS WE'RE GROWING THE BUSINESS. THE PART OF THE PROCESS OF WINNING AND ACQUIRING CUSTOMERS AND EXTENDING OUR RELATIONSHIP WITH CUSTOMERS IS DEMONSTRATING THAT WE ARE WORKING TO EXACTING STANDARDS.”

ANDY BROWN, CHIEF COMMERCIAL OFFICER, FDM GROUP

THE RESULT

“IT WAS REALLY EASY FOR ME TO DEMONSTRATE TO THE AUDITORS WHAT WE HAD DONE AND WHAT OUR SECURITY AND PRIVACY POSTURE IS BECAUSE IT IS VERY EASY FOR THEM TO SEE THROUGH THAT PORTAL. EVEN TO THE POINT WHERE I CAN ADD THEM AS A USER TO HAVE A FREE RANGE TO INVESTIGATE IT ALL.”

STEVE LAWTON, DATA PROTECTION OFFICER, FDM GROUP

ISMS.online is used daily for the ongoing maintenance of their ISO 27001 certification to ensure FDM Group remains compliant beyond the audit. Compliance with ISO 27001 gives them a competitive edge and helps to leverage the process of winning and acquiring new customers.

“ISMS.ONLINE IS A FANTASTIC RETURN ON INVESTMENT BECAUSE IT SHOWS AUDIBILITY AND ALSO THE FUNCTIONALITY OF COLLABORATION TO OUR CLIENTS.”
